Computer Science Engineering student and founder who has built an AI-powered news platform with active users.

Experienced in full-stack development, leading engineering teams, and shipping production-ready products.

SKILLS & TECHNOLOGIES

Frontend Development	ReactJS, Tailwind CSS
Backend Development	NodeJS, MongoDB, Express, SQLPlus
Programming	C, C++, Python, Java,
Design	Figma, Adobe After Effects
Project Management	Jira, Notion, Slack

PROJECTS

blurt. *Fullstack Developer* Combines AI-generated conversations, full-stack development, and storytelling to make news engaging and immersive. Have 20+ weekly users. ([view website](#))

EvoPacts *Backend Developer, Hackathon* Developed a blockchain-based contract enforcement system with ML-driven clause assessment to ensure fairness and compliance for players and clubs. ([view repository](#))

virtugo. *Fullstack Developer, Hackathon* Built a ReactJS and NodeJS-based platform to simplify itinerary planning and vacation booking. ([view repository](#))

EXPERIENCE

Founder January 2025 - Present
nahneed. [view page](#) Vellore, India

- Passion project - blending full-stack development, AI, marketing strategies, storytelling, and animation.
- Built products people don't necessarily need but **want**, aligning with the nahneed. principle. Launched blurt under this.
- Managed tech and public outreach, growing the Instagram page from 0 to nearly 100 followers.

EDUCATION

Bachelor of Technology CSE Core, Vellore Institute of Technology September 2022 - September 2026

- Relevant coursework: Data Structures & Algorithms, Design & Analysis of Algorithms, Theory of Computation, Discrete Mathematics, and Database Management Systems.
- Took part in 5+ hackathons as a Project Lead, Full-Stack Developer or UI/UX Developer.

CERTIFICATIONS

Oracle Cloud Infrastructure 2024 Generative AI, Oracle [certificate](#) June 2024 - July 2024

- Gained expertise in LLMs, LangChain, and fine-tuning AI models using OCI software.
- Explored prompt engineering and vector databases.

Oracle Cloud Infrastructure 2023 AI Foundations Associate, Oracle [certificate](#) May 2024 - July 2024

- Gained foundational knowledge in AI and machine learning within the OCI ecosystem.
- Explored data preprocessing, model training, and cloud-based AI deployment.

The Complete 2023 WebDev Bootcamp, Udemy [certificate](#) January 2023 - June 2023

- Mastered full-stack web development with React, Tailwind CSS, Node.js, and MongoDB.
- Built 5+ projects, combining UI/UX, typography, and functional design.

EXTRA-CURRICULAR

Motion Graphics Head April 2024 - Present
Indian Society for Technical Education Vellore, India

- Lead a 10+ member team, ensuring content quality and smooth project execution.
- Trained members in After Effects, improving team skills by 70%.
- Coordinated two monthly events with 1,500+ participants, increasing domain engagement by 150%.
